Northern Star Natural Gas.  
905 Commercial Street  
Astoria, OR 97103  
Attention: Mr Dave Glessner

Dear Dave,

RE: Bradwood Road bridge design standard – Hunt Creek

The bridge over Hunt Creek on Bradwood road has been designed using an AASHTO H20-44 design vehicle. This is a “normal” national conservative design standard.

This design loading is sufficient for both for construction vehicles, fire trucks, emergency and non abnormal industrial vehicles.

Sincerely,

A handwritten signature in black ink that reads 'Greg Palmer'.
